A hand is shown in silhouette, pointing its index finger towards a glowing digital network structure. The network consists of numerous white nodes connected by thin white lines, forming a complex web. The nodes are illuminated with a bright blue light, creating a sense of depth and connectivity. The background is a dark blue gradient.

Business case for investments in MedTech B to B eCommerce & digital platform

Delphine Nguyen

Sept 2023

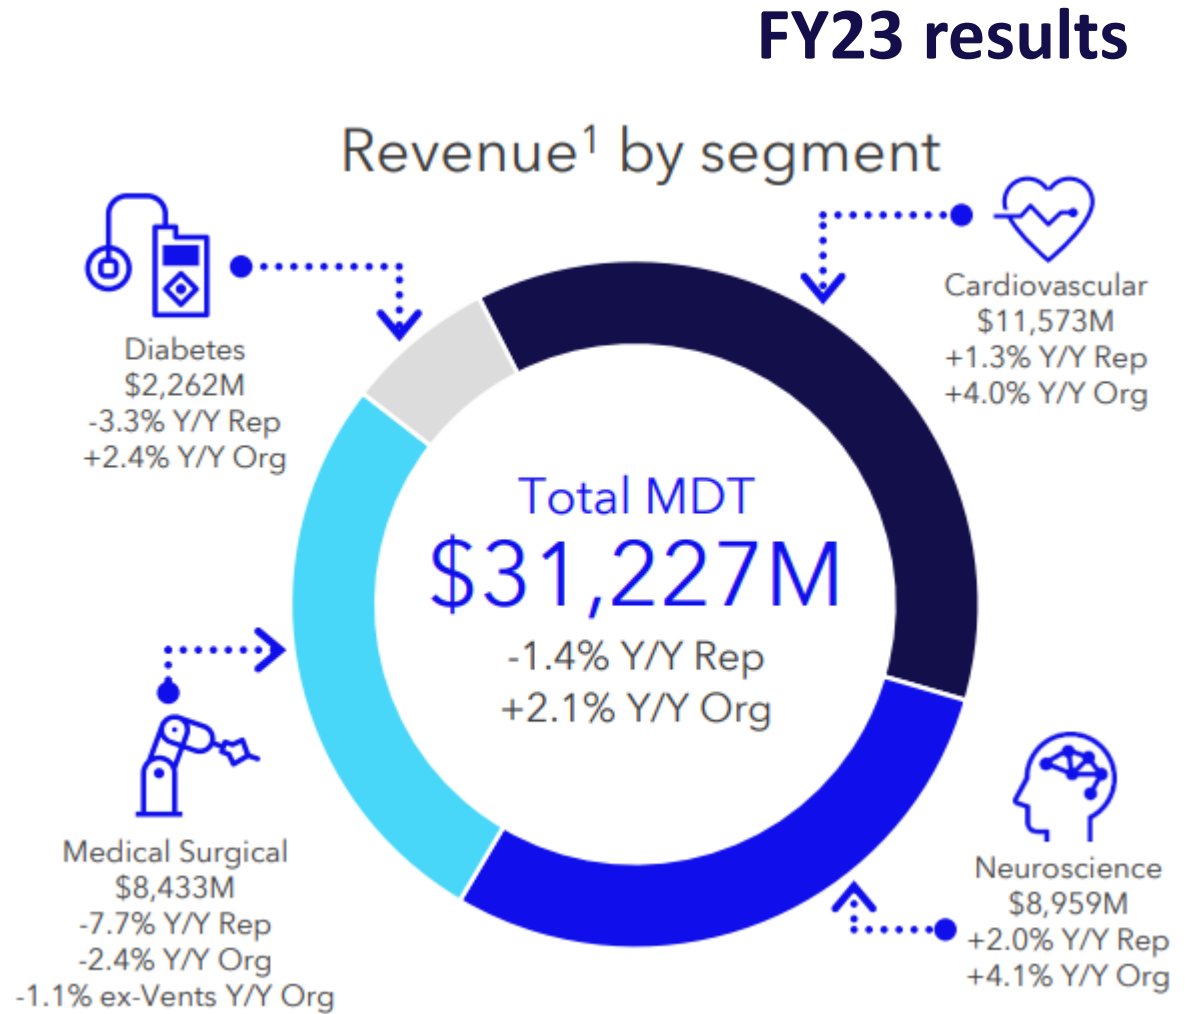

76M+

In the past year, Medtronic therapies improved the lives of 76 million+ people. That's **two people every second** of every hour of every day – and counting.

Engineering the extraordinary

150+	95K+
countries	employees
80	38
manufacturing sites	labs and research development sites
239	\$2.7B
clinical trials last year	in R&D investments last year

Medtronic Connect eStore

One B to B eCommerce & digital services platform

Medtronic Connect E-Store platform incl.

- Connect enterprise– for HCOs
- Channel Connect – for distributors

Why invest in eCommerce & digital ?

Customers – Market & sales potential - Competition

Customers

Shifting to online purchase

CONVENIENT

BETTER CHOICE

MedTech Market

- **Potential** for next 5-10 years, by product category & by geography
- **Shift or incremental** sales?
 - Incremental sales from small customers we could not reach otherwise.
 - Shift from offline to online purchase

- **\$24.5 bil.** In 2023 – Expected to reach **\$122 bil.** by 2032
- Growing exponentially: **21.1% y/y** CAGR
Expected to slow down to 19.1% yoy after 2027
- Proliferation of **online market places**

Competition

Who is your most dangerous competitor?

➤ Create sense of **urgency**

Watch out for **disruptive competition**, i.e. from online market places

➤ **Defend** your market **share**

Managing resistance to change

AI & digital technology cannot replace people

From sales

- Make your **life easier** w. digital after sales services
- **Helps make your quota** on most commoditized products, and run rate business
- **Compensate** on omnichannel sales

From Marketing

AI are only **tools** to help people be more **productive**.

- Offload from **time consuming tasks** such as content production, translations.

MKT people still needed to define good templates, check / verify content, define how we feed, train and use AI.

From customer care

Offload you from answering **basic after sales questions**, so you can focus on answering more complex ones.

Focus on **upskilling** the workforce, and changing some jobs (i.e. train a support bot), not on cutting people.

A close-up photograph of a young child with light brown hair and striking blue eyes. The child's hands are covered in vibrant, multi-colored paint, including shades of blue, green, yellow, and purple. The child is looking directly at the camera with a neutral expression. The background is dark and out of focus.

How do you handle
resistance to change?

How to prioritize digital projects

3 key questions to answer before starting a new project
- Coordinated by business platform owner -

Does this project fit within MDT Connect e-Store **vision and scope**?
(within MDT omnichannel strategy)

- Keep focus on projects within scope

Does it correspond to clear customer needs
& is the **customer value proposition** strong enough?

- Min requirement: Reach the customer MVP

What is the **business case** & estimated **impact on KPIs** ?

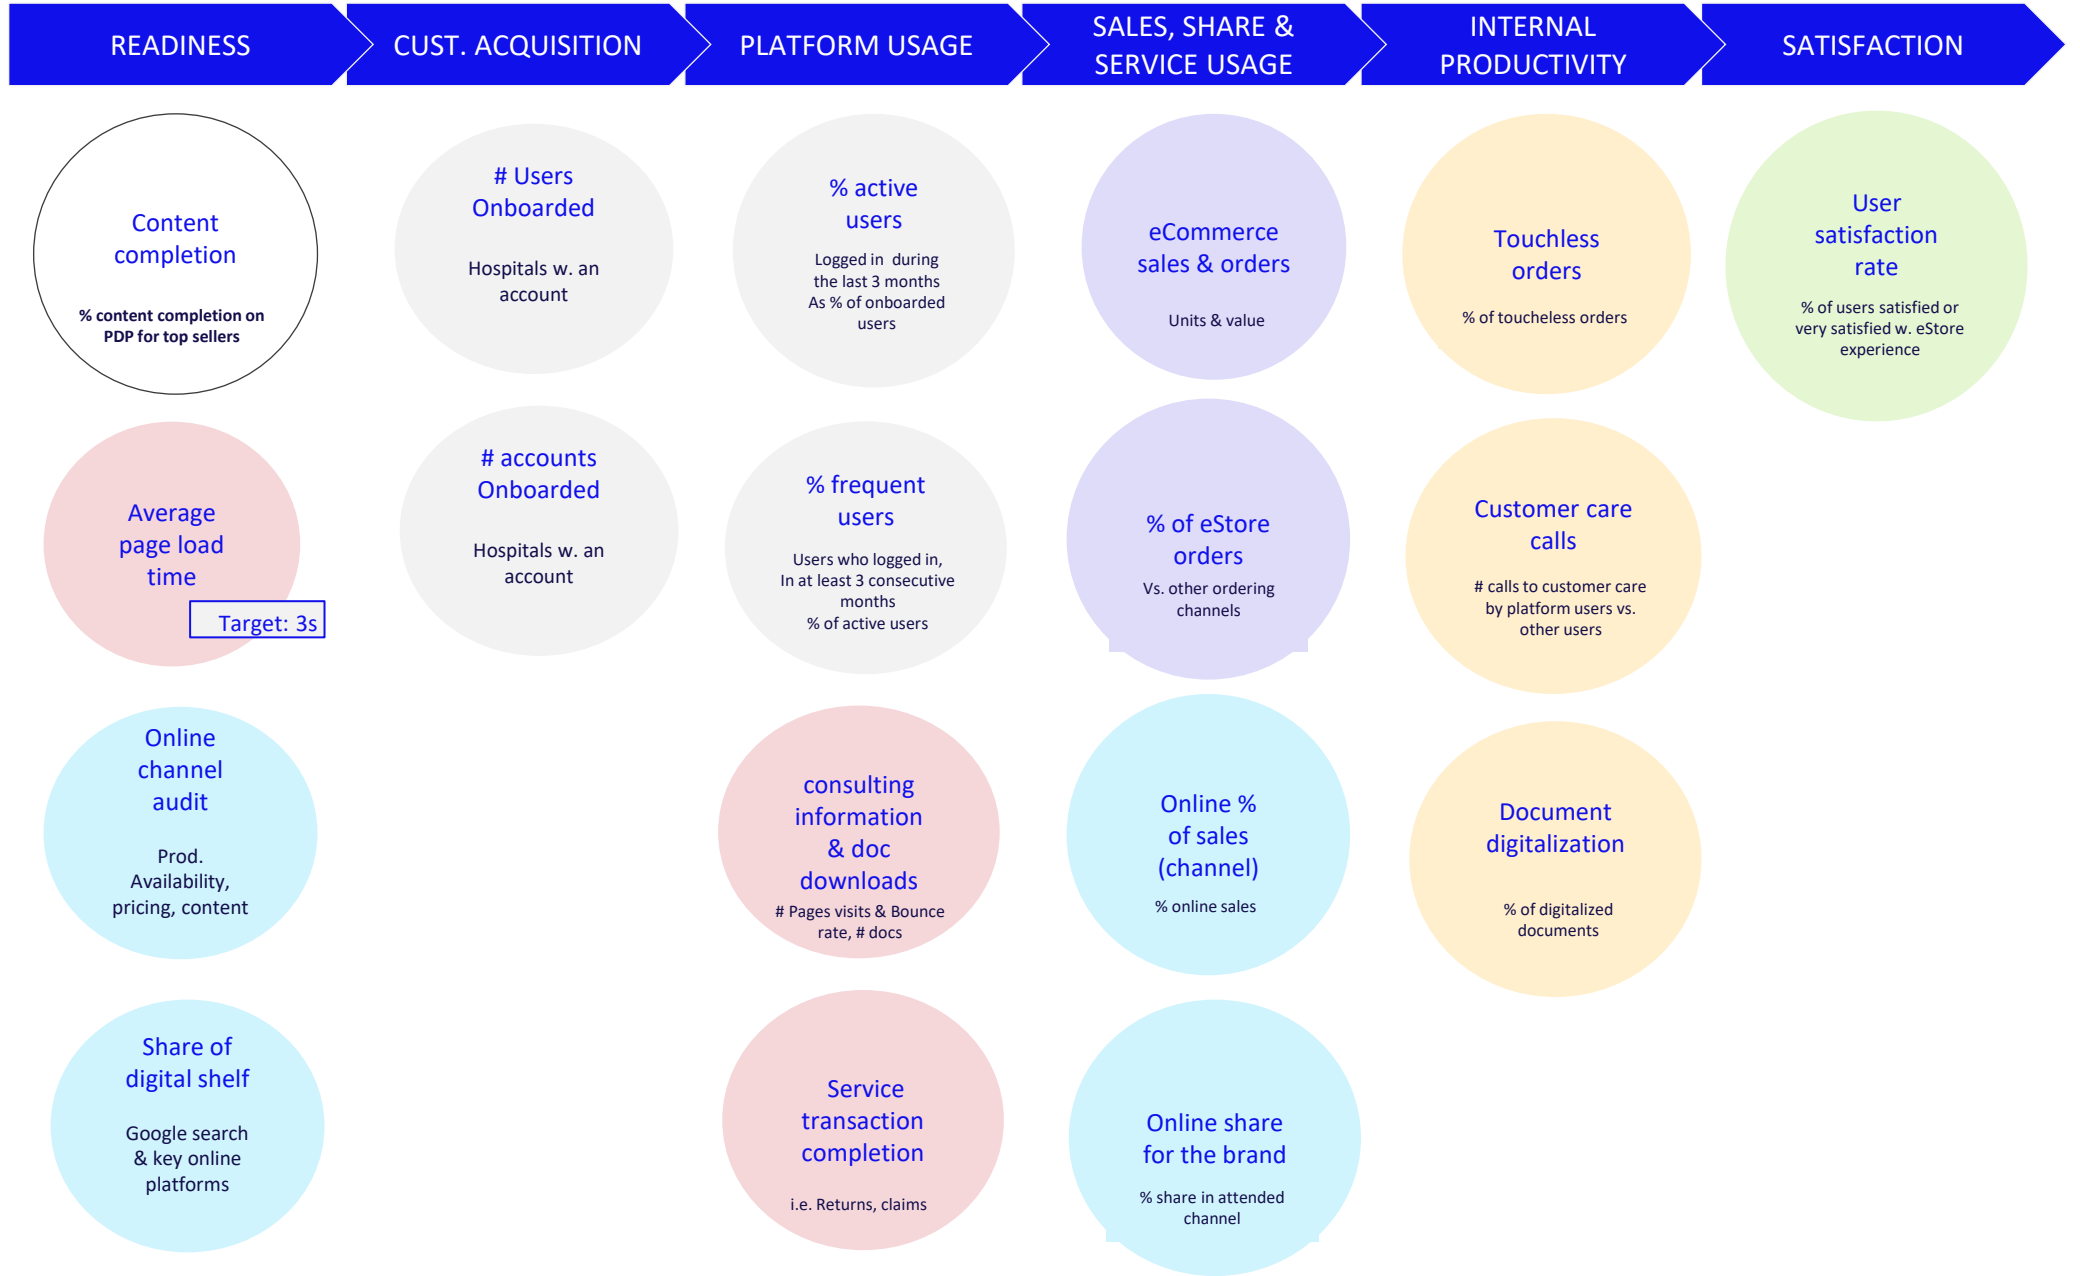

- Prioritize based on business and customer impact

How to prioritize digital projects

Driver	Criteria	Answers	Score	Weight
Drives Customer Experience	<ul style="list-style-type: none"> • Project scope: % of business / # Countries impacted • Level of customer expectation / severity of pain point • Contribution to the vision 	High Medium Low None	4 3 2 0	60
Optimize operational efficiency	<ul style="list-style-type: none"> • Project scope: i.e. # countries, # of operational areas impacts • Contribution to vision for operations organization • Essential data needed to manage the business 	High Medium Low None	4 3 2 0	40
Legal & Compliance requirement	<ul style="list-style-type: none"> • Legal requirement • Compliance with corporate policy 	Yes No	4 0	120
BENEFIT SCORE			[% weighted to 880]	

KPIs

A close-up photograph of a young child with light brown hair and striking blue eyes. The child's hands are covered in vibrant, multi-colored paint (red, yellow, green, blue, purple) and are positioned around their face, with fingers pointing towards the camera. The child's expression is neutral and curious. The background is dark and out of focus.

What KPIs do you use
to measure success?
